Since 1996 The Education Foundation for Berea City School District has been fortunate to have many volunteers and supporters who have spread the word about our purpose, helped out with the work of the Foundation, celebrated our successes, promoted our events, and contributed financial support.

Because of that support The Education Foundation has **given back** over **\$825,000** of grants and scholarships that have enhanced the educational opportunities for Berea City School District students.

We want to more formally recognize our current supporters and welcome new friends with our *Friends of the Foundation* group!

As a Member of the *Friends of The Education Foundation*:

- you get to be the first to learn about the happenings of the Foundation.
- you have the first opportunities to get involved in Foundation activities.
- you get to feel really good about giving back and making a difference in the lives of BCSD students.
- you receive a fun little decal to show your pride for the Education Foundation.
